

Nomination Form for ABAA Board of Directors

In accordance with the Bylaws of the Air Barrier Association of America (ABAA), nominations for persons to be considered for election to the ABAA Board of Directors may be made by any individual representing a member in good standing.

We strongly encourage colleagues to nominate a fellow professional to serve. We especially seek nominations of individuals representing our members who demonstrate and represent leadership in the industry, possess the ability to think strategically, and are dedicated to ABAA's mission and purpose. Specific responsibilities include oversight of ABAA's strategic direction and fiduciary responsibility.

A person cannot nominate themselves, however, each nomination must be made by an individual representing a member in good standing and the nomination cannot consist of more than one individual per Member Company.

The ABAA office requires a nomination form, signed by the nominator along with three (3) additional nominators, individuals representing ABAA members in good standing.

A very important process to follow: If you are nominating another professional, please check with the person to ensure that they are willing to run and are willing to provide the information requested in this form along with a bio and photo.

The minimum requirements for an individual to be nominated are:

- Strong, active participation in a committee, task group, or ad hoc group for a minimum of one year.
- Be a member representative of the corporate membership of ABAA for a minimum of a year.

The nominating committee will take into consideration the following items in assessing the nomination application. These items include:

- Involvement in other ABAA-related activities that do not fall under the scope of a committee, task group, or ad hoc group
- Attendance at ABAA's Annual General Meeting
- Attendance at ABAA's Annual Building Enclosure Conference
- Number of presentations delivered at the conference
- Number of presentations delivered on the ABAA's behalf

ABAA values and seeks leadership representing diversity in features such as race, ethnicity, gender, age, sexual orientation, nationality, ability, geographic location, and type of professional experience.

Note: Being nominated does not guarantee a position on the Board. In addition, the election of candidates for the Board by the membership will take place to confirm all positions.

Thank you in advance for taking an active role in this year's nomination process.

Application Instructions

The application must be received electronically no later than the deadline date indicated.

Nomination Submission Deadline: **Midnight (CST) – Friday, March 17, 2023**

Email the electronic nomination form to: abaa@airbarrier.org
